Tuesday, June 9, 2020

To our beloved community:

After listening to the community's concerns along with much thought and discussion, the Board of Directors and WaterDays Planning Committee have made the extremely difficult decision to cancel New London WaterDays 2020 due to the COVID-19 virus.

We understand that this decision impacts other events planned for that week, as well as multiple organizations, sponsors, businesses, and our community. Please continue to support our local businesses and organizations in any way you can. We feel that it is our responsibility to cancel WaterDays to help prevent the spread of the virus and to keep everyone safe and healthy. It is nearly impossible to keep the social distancing along with sanitizing everything with so many people in town.

We also understand that this decision will impact our Ambassador Program. We are discussing the details and will make a decision soon on how to proceed with the program through this difficult time. We will notify the current Ambassadors, candidates, and parents with the details of our decision.

We would like to thank everyone for their continued support, cooperation, and patience through this difficult time. We would also like to thank all of those that have donated to our celebration and the Ambassador Program, as well as those that have agreed to be sponsors of our candidates. We assure you that those donations will be used to help with our ongoing operating expenses and will also go towards next year's events.

We look forward to a bigger and better celebration in 2021! Please save the dates – Wednesday, July 14th through Sunday, July 19th.

If you have any questions, please email us at newlondonwaterdays@gmail.com, and we will get back to you as soon as possible. As always, if you would like to be a part of the Planning Committee or Board of Directors, please don't hesitate to contact us! We are always looking for more people to volunteer their time and talents!

Thank you again for your support, cooperation, and patience!

Stay safe, stay healthy, and stay positive!

New London WaterDays Board of Directors & Committee
